ARRIVED.

New York Stock Market

New York, May 21.—Heaviness which later gave place to extreme weakness marked the operations on the Stock Exchange to-day. Further unfavorable crop news, together with poor railway earnings, doubtless entered in the general situation. Pressure was greatest against the hard coal shares, which have a more or less market relation. Rock Island, which manifested pronounced weakness, Reading and Lehigh Valley were offered at declines throughout the session, and in the final hour dealings in those stecks overshadowed all else. Reading lost 5-3-8 points, and Lehigh Valley 4-1-4 on the day.

The warket opened with sevention

points, and Lehigh Valley 4 1-4 on the day.

The market opened with some display of strength, Canadian Paoific aimost immediately recovering its quarterly 2 1-2 per cent, dividend, while other high-priced issues were up a point. The rise was soon effaced, but by noon recoverles were general. The improvement was most noticeable in United States Steel. Amaigamated Copper, to the accompaniment of mother rise in copper metal, American Smelling and Union Pacific.

In the afternoon the market relapsed into its habitual dullness, until the final hour, when the unfavorable statement of New York Central for April, together with more poor crep reports, gave the short interest a lever for another selling movement, which sent prices down precipitately. The list seemed to have little or no support at the close, which bore the marks of liquidaton, perhaps of imparted margins. The end of the month brought some hardening of rates for call money, much of which loaned at 8 per cent, but with no change in time accommodations.

The bond market to-day followed the course of stocks, in that some sharp declines were registered. Total rales, par value, \$1,925,000. United States bonds were unchanged on call. Total sales of stocks to-day were 199,500 shares.

New York, May 31.—Money on call

New York, May 31.—Money on call teady; 2 3-4 per cent; ruling rate, 3-4. Time loans steady; sixty days, 2 per cent; six months, \$ 1-2 per cent.
Prime mercantile paper, 4 to 4 1-2 per cent.
Sterling exchange steady,
\$4.5460 for sixty days, and \$4.8120 for demand. Commercial bills, \$4.82 5-8.

Out of town writes to a Virginian (who has made his million) and asks him to give the name of the strongest Trust Company in Richmond-who blames us for a feeling of gratification, when the answer goes back, as follows?

"It gives me pleasure to recommend the Virginia Trust Company, financially one of the strongest Trust Companies in the South, and in this part of the country looked upon as standing in a class by itself in handling estates."

It seems the city of Norfolk has been neatly making the State pay the salary of its Police Justice all the years since it has had one. The Attorney-tieneral has been asked if such payments are not in violation of the Constitution.

By the terms of the act creating the office of Police Justice of Norfolk, it is provided that the salary shall be paid by the Auditor of Public Accounts out of the fines and lees which accrue as the result of the operations of the office. Section 134 of the Constitution requires that all such fines and costs shall go into the literary fund, for public school purposes.

All othe Virginia cities, including Richmond, pay their police justices out of the city treasuries, the amount being provided by ordinance. Norfolk, it seems, has escaped this.

Auditor C. Lee Moore noted the discrepancy and has asked the Attorney-General for an opinion as to the constitutionality of the acts creating the office and specifying the manner of payment. If the acts are in violation of the Constitution, the office may not properly exist.

of the Constitution, the office may not properly exist.

In addition, a new act was passed by the last Legislature amending the charter of Norfolk, wherein it is provided that after September 1, 1914, when the law, becomes effective, the salary of the Police Justice shall be paid out of the fines imposed by him. This, it would seem, is also unconstitutional, and the discovery made by the Auditor may cause a good deal of embarrassment in Norfolk by invalidating the proposed charter changes. DRY GOODS MARKET.

New York, May 31—The cotten goods markets are quiet and steady. Wool markets are growing firmer and advancing. Yarns are steady, The jobbing houses are doing a very moderate trade.

Time for Receiving Proposals on State
Work Continued to June 10.

All advertisements calling for bids
on the construction of a rifle range near
Virginia Beach have been continued
by the Attorney-General, and the time
to which proposals will be received
has been extended to sune 10. It is
believed that contractors will by that
time be more familiar with the work
to be done and will be ready to submit
bids.

The estimated cost of the work, much
of which is of concrete, is from \$12,000.

The estimated cost of the work, much of which is of concrete, is from \$12,000 to \$15,000. It is unusual in its mature, and this is supposed to account for the fact that no person or concern showed sufficient interest to bid up to the closing hour at noon last Tuesday. LEGAL QUESTION RAISED

Payment for Land at Salem for Catawba May Be Illegal.

In concection with the announcement of the State Health Department that the plan of erecting a receiving hospital at Salem for the Catawba Sanatorium has been abandoned, it is learned at that the legal phase of the situation had already been referred to Attorney-Geneal Williams by Auditor Moore. It is no warrant for the expenditure of money for the sanatorium outside of its prime location at Catawba.

The general appropriation bill for this year merely carries the item: "Exterments at Catawba Sanatorium, \$50,000." The Auditor says in his letter to the Attorney-General that on April 17, 1912. Approaching Marriage.
